Directions to property (if 911 address not posted):

Intended use: Home _____ Commercial/agricultural _____ Specify Other

Nash County Environmental Health permits well activities as required by NC law to protect your water supply and the ground water. Permitting does not imply any guarantee for a usable water supply. Water supply quantity and water quality is dependent on geological factors beyond our control. Inspections will be specified as needed.

Please verify well location and scope of work with your contractor before work begins.

I have read this application and certify that the information provided is complete and correct. I understand the information on this application. Authorized county and state officials are granted right of entry to conduct necessary evaluations and inspections to determine compliance with applicable laws and rules. I will relay all information to contractors, owners, buyers and sellers. Incomplete applications are void in 5 years.
